17" h x 39 1/2" w

OPERATING CHARACTERISTICS

Closed terminal electrical system with a 50" cover.
Stripped vehicular cable (Ground pole).
E12-25W bulb.

Our light fixtures are hand-made by metal craftsmen who, with many years of experience in the company, have grown to become experts in the luxury transformation of metal using European millenary techniques. Manual processes such as forging, embossing, casting, and polishing were used to achieve the artwork. The materials were mostly aluminum, followed by iron.

CRAFTSMANSHIP & PERFECTION

INSPIRING DESIGNS FOR
PASSIONATE LIVES

During the last thirty-nine years, we have created the most spectacular and unique metal pieces, hand and custom-made for the most exquisite tastes.

We are proud to be considered among the best metal sculptures, and our pieces are presented in the most exclusive places around the globe.

Bell

Lorem ipsum was introduced to the digital world in the mid-1980s when Aldus employed it in graphic and word-processing templates for its desktop publishing program PageMaker. Other popular word processors including Pages and Microsoft Word have since adopted Lorem ipsum as well.
